- *is able to use diverse technologies appropriately and effectively to search for and retrieve information, interpret search results, and judge the quality of the information retrieved;*
- *understands the relationships among technology, lifelong learning, personal privacy, and appropriate stewardship of information;*
- *uses these skills and the appropriate technologies to communicate and collaborate with peers, colleagues, family, and on occasion the general public;*
- *uses these skills to participate actively in civic society and contribute to a vibrant, informed, and engaged community.*
